EARLIER MEETING.

Mr. POMEROT introduced a resolution that the Sende, after Thursday next, meet at 11 o'clock, which was

Mr. Summer moved to take up the House bill to repeal the Fugitive Slave Act, which was debated at some length.

Mr. WILSON, from the Military Committee, intro-duced a bill supplementary to the several acts for enroll-ing and calling out the national forces, which was ordered to be printed. PUGITIVE BLAVE ACT AGAIN.

The Yeas and Nays were then called upon the motion to take up the bill repealing the Fugitive Slave Law, and the motion was carried by the following vote:

Yeas—Mesers Authory, Brown Chandler, Clark Conness, Dixon, Fessenden, Foote, Grimes, Hale, Harlan, Harris, Howserd, Howe, Lane (Kauss), Morgan Horrill, Pomeroy, Rammay, Eprague. Sumner, Ten Eyek, Warle, Wilkinson, Wilson—25.

NATS—Mesers, Buckalew, Carlile, Cowan, Davis, Doolnidendricks, Johnson, Lane (Md.), Nesmith, Powell, Richardson, Riddle, Saulsbury, Sherman, Trumbul, Van Winkle—16.

Mr. Sohence also reported a bill providing that paymasters and military storekeepers of ordnance shall have the same rank, pay and emoluments as captains of ordnance, but have no command.

Mr. PEUN said there was but one ominion, and that

THE MEDICAL CORES. Mr. SCHENCE also reported a bill increasing the effi-ciency of the medical corps of the Army. LOSS BY STRAMER RUTH.

THE RECESSON CONTRACT.

Mr. HALE reported, without amendment, the House joint resolution authorizing the Secretary of the Navy to amend the contract with John Ericeson for the construction of the two floating batteries, Dictator and Puritan.

Mr. POMBROY reported, without amendment, the bill to secure to persons in the military and naval service of the United States homesteads on forfield estates in the United States homesteads on forfield estates in the Mr. PENDLEDS.

Mr. PENDLEDS.

LOSS BY STRAMER RUTH.

Mr. GARPFELD, from the Committee on Military Affairs, reported a joint resolution that Major Brinton, paymaster, be credited with \$2,600,000, being the amount under bis charge, destroyed by the burning of the steamer Ruth. He said that the official report above that the fragments of all the notes, save those in two wooden boxes, were recogned.

On motion of Mr. Holman, of Indiana, the subject was postponed until the second Thesday in December.

EXECUTIVE APPROPRIATIONS.

Mr. RANDALL objected to the second reading of the bill.

The question, therefore, occurred under the rules, as "Shall the bill be rejected?"

The vote was, Yeas 75, Nays, 75.

There being a tie vote, the Speaker voted in the negative and thus saved the bill from rejection.

Mr. BLANDE (Un. Me.) moved to strike out the first and second sections of the bill. He said that the Secretary of War and the Provost-Marshol-General had given the worst aspects of the case, which he (Blaine) triefly illustrated. He should stand up for the Eurolism ment law, as enacted the past Winter. It would fill up the Army more rapidly than the measure now proposed. Mr. CRANLER (Dem., N. Y.) opposed the bill, and in reply to Mr. Schenck, said that it was a spurious please that this bill was the "poor man's friend." This measure that this bill was the "poor man's friend." This measure that this bill was the "poor man's friend." This measure that this bill was the "poor man's friend." This measure that this bill was the "poor man's friend." that this bill was the "poor man's friend." This mea-ure tended to centralize in the Erccusive the whole army Regulars and Volunteers, and out off all connec-tion between the people and the Government. Mr. Raxbalt (Dens., Pa.) said that this bill was not called for by the public wants. The people throughout the entire country do not desire it. If the House pass this bill, it will not meet the concurrent action of the Senate.

MILITARY COMMUTATION.

Mr. Moran, from the Military Committee, reported the following:

A Bill to prohibit the discharge of persons from liability to military duty by reason of the payment of money, and for other purposes.

That so much of the act entitled "An act for enrolling and callins out the National forces and for other purposes," approved March 3, 1883, and of the act emendatory thereof, as suthorize the discharge of any derind person from liability to military service by reason of the payment of \$300 for the propose, "approved March 3, 1883, and of the act emendatory thereof, as suthorize the discharge of any derinded person from liability to military service by reason of the payment of \$300 for the propose, "approved March 3, 1883, and of the act emendatory thereof, as enthorize the discharge of any derinded person from liability to military service by reason of the payment of \$300 for the propose, and the proposed for the proposed fo Mr. Schenck (Un., Ohio) said if the bill was passed.

Mr. Schence made an adverse report on the resoludion directing an inquiry into the expediency of reporting a bill for the pay of the officers and solders who
have not been mestered into the service.

Mr. Garrend (Ohio) moved to strike out the third
and fourth sections of the bill. He said that the bill
was presented as an entire measure, but as by the
amendments, providing for the examination as to the
morals and business qualifications of Commissaries,
Quartermasters, Paymasters, and Assistant Paymasters.

It was passed.

Mr. Farrend (III) moved to lay the bind of the

The further discussion of the question was here terminated by the arrival of the bour for a recess.

EVENING SIRSSION.

was that the road should be constructed without delay, and in the best manner, as a means of binding together all portions of our country. If the road had been commenced when it should have been, it would now be completed. The great thing was to start right. A Board might be organized by the Government to supervise the work. The present charter provided that the President shall fix the termini of the road, but he desired that the President shall also designate the route or line of the road by the advice of a competent Board of Commissioners.

After TLAR reported, without summediated, the first plant of the two desired patients. Decided the property of the two desired patients. Decided the property of the two decided patients. Decided the property of the two decided the two dec sioners.

CALCULATOR."

There was published in these columns a few days emarkable cure of Hutchings, the "Lightning Calculator," well known to the public during the many years he ex hiblied his wonderful arithmetical powers at Barnum's Muse of this city. Hutchings is represented to have been at the point of death, and, but for the timely interference of the octor, would now be resting in his grave. This is a remarks ble case, and worthy the attention of persons similarly afflicted

We think it is but just to Dr. Von Eisenbarg to call public tention to this case. There are hundreds in the community f not actually praying for death, are ready to accept of any thing that promises to relieve them from their distresses. To uch we would say triffe not with inexperienced men, but onsult, without unnecessary delay, Dr. Von Eisenberg, who, at least, has the honesty to assure his patients whether it is within his power to make them whole or not.

DEAFNESS CURED. EARS TO THE DEAF.

Every man, and especially avery woman, believes in his or her physician. There are philosophical minds which hold to that usual, by some four weeks. Purchasers may rely upon an abstract faith in Allopathy, or Homeopathy, or Hydropathy, or some other form of scientific cure; but with the world at rge the belief is not in the system, but in the doctor. CONCERNING EYES AND OCULISTS.

Of the five senses, that which we call seeing is the most in ertant and most valued. In proportion as this sense falls us we are reduced to helplessness. If entirely destitute of sight how slow would be our progress in knowledge, and how its ited our sphere of action and usefulness. Endowed with it the universe becomes a new creation, clothed with beauty and diversified by that infinite variety which never fails to attract

For several months past this has been a practical subject t us. An inflamed condition of the cyclids, communicating itself to the pupil, rendered the discharge of daily duties no only painful, but dangerous. Attributing it to the effect of cold, we endured it through the Spring, with the hope that with the return of warm weather it would entirely disappear But in this we were doesed to disappointment. Summer re turned, but not our wented sight. What might have been the result, either of further neglect or of incompetent treatment

one in his own family had recently been treated with entire success by Dr. Von Eisenberg of this city. Satisfying our selves by more particular inquiries that the Doctor is no em schnowledge as very great. Though but a few weeks under his care, the appearance of our eyes has totally changed. The pupil is now full and clear, and the fids are entirely free from inflammation. The Doctor says that the optic nerve has bee reakroed, and the retina assumed a chronic inflammatory state, affecting more or less all the other tissues, and threaten ng, if neglected, to end in Amsuroris. Ophthalmitis, we be subject to severer trials than formerly. Let us be ther ful. CEDAR CAMPHOR is cheap, certain and its frant. Best. Do not risk clothes without it.
